

HYDROGEN COOKING STOVES & OVENS

ONE OF THE MOST POPULAR PRODUCTS SOLD & DISTRIBUTED GLOBALLY

On Demand HYDROGEN COOKING STOVE

NEEDS ANALYSIS & DESIGN DEVELOPMENT

- Reformer Design,
- Fueling Design,
- Fuel Storage and Delivery Systems,
- Heating System Design,
- Fuel Cell Systems,
- Engines Systems,
- Safety System Design,
- Monitoring Design,
- Operation and Maintenance Planning.

DESIGNED FOR 2020 & BEYOND

For many people, their *FIRST* Hydrogen (H₂) appliance is a stove! Many people get these inexpensive Burners to familiarize themselves with Hydrogen Gas. Great for *boiling water* and *cooking meals* **AND HEATING YOUR HOME!**

YES! *Heating your home!* Remember burning Hydrogen Gas does NOT produce carbon monoxide fumes, only Water vapor is produced keeping your home warm and moist in the cold winter months.

- ✓ **Stanley A Meyer** Voltrolysis Built in
- ✓ Lith-Phos Battery Built in
- ✓ Solar Charged or Main Power

HYDROGEN COOKING STOVES & OVENS

HYDROGEN PORTABLE GAS ON DEMAND KITS

Secure Supplies has *Fuel on-Demand Kits* that are Powered by Solar / Battery bank to make your Green **99.9999%** Pure Hydrogen Gas to replace LPG, etc.

VARIOUS HYDROGEN GAS ON-DEMAND KITS AVAILABLE

NEEDS ANALYSIS & DESIGN DEVELOPMENT

- Reformer Design,
- Fueling Design,
- Fuel Storage and Delivery Systems,
- Heating System Design,
- Fuel Cell Systems,
- Engines Systems,
- Safety System Design,
- Monitoring Design,
- Operation and Maintenance Planning.

DESIGNED FOR 2020 & BEYOND

THE CELL 12VOLT VERSION

GAS PRODUCTION KIT Comprising of :

- ✓ Wifi Enabled PWM Controller & Mobile App
- ✓ Cooking GAS Cell

HYDROGEN COOKING STOVES & OVENS

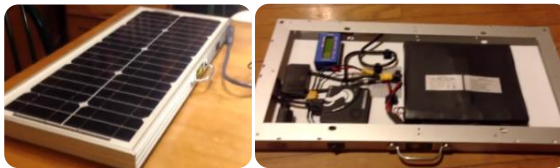

HYDROGEN PORTABLE GAS ON DEMAND KITS

BIG PUPPA

SOLAR + USB BATTERY + CHARGE CONTROLLER KIT

This Portable Unit gets Charged by our Natural Sunlight or from Mains Power. The Kit will connect to Your GAS Maker & Hydrogen Stove.

BIG PUPP KIT Comprising of :

- ✓ Solar Panel
- ✓ Charge Controller
- ✓ Lithium Battery
- ✓ Inverter
- ✓ USB Port for Device Powering like LED Lights, Phones Battery Banks

[WEBLINK FOR TECHNICAL SPECS & ORDERS BELOW](#)

Panels available in the following :

- 4 cell configuration for Smaller Loads, App a 120W / hr Battery.
- 8 cell configuration for Larger Loads, App a 240W / hr Battery.

NEEDS ANALYSIS & DESIGN DEVELOPMENT

- Reformer Design,
- Fueling Design,
- Fuel Storage and Delivery Systems,
- Heating System Design,
- Fuel Cell Systems,
- Engines Systems,
- Safety System Design,
- Monitoring Design,
- Operation and Maintenance Planning.

HYDROGEN PORTABLE GAS ON DEMAND KITS

LITTLE MUMMA

SOLAR + USB BATTERY + CHARGE CONTROLLER KIT

This Portable Unit gets Charged by our Natural Sunlight or from Mains Power. The Kit will connect to Your GAS Maker & Hydrogen Stove.

LITTLE MUMMA KIT Comprising of :

- ✓ Solar Panel
- ✓ Charge Controller
- ✓ Lithium Battery
- ✓ Inverter
- ✓ USB Port for Device Powering like LED Lights, Phones Battery Banks
- ✓ **2 x LED Lights**
