# SecureCare Refurbishment Program

## SecureCare

### CLIENT INSPECTION

Initial Inspection conducted by client maintenance team that identifies a faulty unit or fleet

### ONSITE

Minor parts sourced by Secure Supply Group sent to site, repair carried out, assessed and put back into service.

### RRRR

Client arranges transport for the unit to be sent to Secure Supplies Group Workshop.

### REVIEW

Secure Supplies Group receives the unit and conducts an examination on the unit that may require repair

### REPORT

Secure Supplies Group sends a report and a quote to repair the unit or if not financially viable to repair will supply a new capital quote or lease offer

### REPAIR

Secure Supplies Group will conduct the necessary repairs required and on completion of repairs will conduct full testing

### REPLACE

New asset supplied to site with full warranty and training.
